FOR IMMEDIATE RELEASE

**SPECIALTY WELDED MUFFLERS NOW
AVAILABLE FROM THRUSH®**

Thrush Adds Three New Styles for Key Application Coverage

LOS ANGELES, Tues., Jan. 19, 2010 – Available now at performance retailers nationwide, **Thrush® Welded specialty mufflers** include three specific configurations designed to solve the specific exhaust needs of performance enthusiasts struggling with limited space or converting a single to dual exhaust.

Thrush is the performance value brand of Tenneco Inc. (NYSE: TEN). The “Vintage Sound...Today’s Power™” Thrush brand has made hot rods hotter since 1966.

Made for an even wider range of popular domestic and import applications, the new Thrush Welded mufflers are available in several overall lengths to accommodate even the toughest space constraints. The new 100-percent welded construction used in the production of the Thrush Welded muffler ensures durability and extended life. Each Thrush Welded muffler includes a two-chamber internal design that provides a rich, aggressive tone.

The new specialty Welded mufflers include:

- **19-in. center-dual outlet configuration** with 3-in. inlet and 2 ¼-in. outlet diameters (p/n 17630)
- **17-in. dual-inlet and dual-outlet configuration** with 2 ¼-in. inlet and outlet diameters (p/n 17637)
- **15-in. single inlet to dual outlet configuration** with 2 ½-in. inlet and outlet diameters (p/n 17638) – ideal for converting a single to dual exhaust on trucks, Camaros and more

For more information about the Thrush Welded mufflers or any other Thrush products, please call **1-734-384-7806**, contact your nearest performance exhaust dealer or visit www.thrushexhaust.com.

Tenneco is a \$5.9 billion manufacturing company with headquarters in Lake Forest, Illinois and approximately 21,000 employees worldwide. Tenneco is one of the world's largest designers, manufacturers and marketers of emission control and ride control products and systems for the automotive original equipment market and the aftermarket. Tenneco markets its products principally under the Monroe[®], Walker[®], Gillet[™] and Clevite[®] Elastomer brand names.
